## EXPERIENCE

Frontend Engineer - **Conduet**

[ Nov. 2022 - Mar. 2023 ]

- Played a key role in the improvement of the fintech company's web application by contributing to both frontend development and user interface design, resulting in a more user-friendly and visually appealing product
- Consumed RESTful APIs to integrate backend services.
- Worked with backend services created by the company to provide users with features such as real-time data syncing, payment gateways, and user authentication.
- Worked collaboratively with other developers using Git to manage version control and ensure efficient code management and deployment

Full Stack Developer – **Frutiv**

[ Feb. 2022 - Oct. 2022 ]

- Built an Ecommerce application for Web platform using the **NextJs** framework.
- Conducted regular code reviews and implemented best practices to ensure high-quality code and efficient web app performance

## PERSONAL PROJECTS

Zablot - <https://github.com/tjdibbs/zablot>

- Based on Edu Tech, this full-stack web application was built using the Next.js framework, Express, and **MongoDB**.
- Real time communication using **WebSocket**.
- Implementation of mongoDb heavy queries
- Social Interaction feature

Reech - <https://github.com/tjdibbs/reech/tree/main>

- This is a delivery application designed to transport physical goods from one location to another. It was developed using the React framework and the Google Maps library to provide an intuitive and efficient user experience.
- Google Map Implementation
- High Quality User Interface & Responsive
- Transformable to mobile application

Pauloxuries - [https://github.com/tjdibbs/pauloxuries-client/tree/nextjs\\_with\\_custom\\_server](https://github.com/tjdibbs/pauloxuries-client/tree/nextjs_with_custom_server)

- A Full Stack E-commerce web application built with **NextJs, Express** and **MySQL**
- SEO optimization
- Products Image Optimization and High page loading speed

*My nickname is **tjdibbs**, and my languages are **Yoruba and English ( Proficient )**. Things that interest me are: **Listening to music, meeting new people and learning new things, travelling and swimming.***
